SPECIAL JOINT-MEETING ISSUE! see below

A Presidential Message!

JIM MARCH—

Last month's meeting was particulary interesting. We dedicated four ZX81s and screens to programs members brought. Available for viewing were a chess program, a couple of file programs (data base management) and some games (Dictator, Scout Fighter, Quest, Sorcer's Island). I donated my machine language loader program to the club library. NEXT MEETING bring your programs you wish to share pre-recorded on a tape. We'll have a "tape swap". I'll bring my ML loader program plus others.

Here is a great idea from last meeting: To keep track of what's on a tape the first program could look like this (continue on back)

**NEXT MEETING:** Wednesday, September 29 7:30 pm
AT: Bay View Federal Savings and Loan (2121 S. EL CAMINO REAL, SAN MATEO) approximately 3 tenths of a mile south of ⑨②

(415) 524-3730
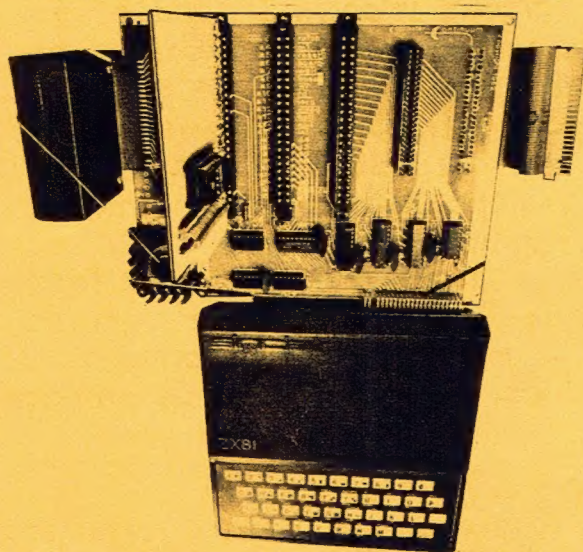

(CATALOG PROGRAM CONTINUED)

```
10  REM  TAPE CATALOG
20  REM  PROGRAM 1 : explain
35  REM  PROGRAM 2 : explain
65  REM  PROGRAM 3 : etc.
```

Here is the nifty part. The line numbers are the tape counter numbers to get to that program. The reverse video is the program name and everything else is your program discription. Great idea if you are getting tired of little pieces of paper as your tape catalog once you've used all the space on the cassette case.

REMEMBER the list of club projects I brought up? I'll be asking you to fill out a questionaire next meeting. Come with your ideas on how our club can best serve you.

NOW AVAILABLE:
TIMEX SINCLAIR 1000 !!!
     AND 16K RAM !!!
